Sky Song

1475 N. Scottsdale Road

Scottsdale, AZ

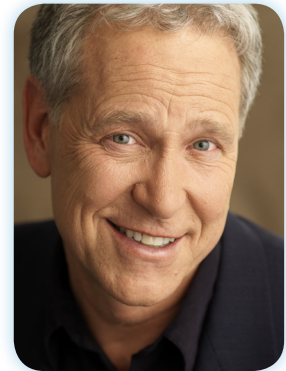

Room 129

8:30 AM - 3:30 PM

Lunch will be provided free of charge

Philippe Cousteau

Hall Davidson

Connect to the Power of Discovery and Discovery Educators

IDEAL, a partnership between the Arizona Department of Education and Arizona State University, joins with Discovery Education, to present a powerful day of learning for Arizona school administrators. The day features Discovery Education's Hall Davidson and Philippe Cousteau, grandson of the legendary Jacques Cousteau and Discovery Education's Chief Environmentalist. Engage your teachers to use digital resources that are standards-based and appealing to students.

Discovery Education provides digital resources to schools with the goal of making educators more effective, increasing student achievement, and connecting classrooms and families to a world of learning. With more than half of all the U.S. schools using these digital resources, come see what's empowering today's educators.

Space is limited so use the link below to register today:
