

DEN SCIcon 2010

Explore Powerful Ways to Integrate Digital Media into Your Instruction

SAT
JAN
9

DEN SCIcon 2010 is an online conference (with a twist) focused on providing participants with some of the most effective strategies for transforming their science classes through the meaningful and effective integration of digital media content. Join thousands of educators from around the world for an amazing day of professional development sessions, networking and sharing.

Session Schedule - January 9th 2010

- 9:00 AM** Change the Present, Change the Future
- 10:00 AM** No Paper Left Behind: A New Age of Science Instruction
- 11:00 AM** Hands-On Digital
- 12:00 PM** Polar Bears in a Changing Climate featuring STAR Discovery Educator Julene Reed
- 1:00 PM** Where Do Old Sneakers Go to Die? Real-World Science
- 2:00 PM** Teaching Process Skills with the Mythbusters
- 3:00 PM** Do Try This at Home: Fun, Easy and Effective Science Experiments for Your Students
