

## **Use of Personal Communication and Electronic Devices**

Bradley County Schools considers the use of personal communication and electronic devices as integral to the successful application of technology in the 21<sup>st</sup> century classroom. Therefore, students are allowed to possess personal communication devices, such as cell phones, iPods, MP3 players, and computers, while on school property, but are expected to use them responsibly.

School administrators and teachers will define and direct appropriate use of such devices on school grounds. While it is Bradley County School's philosophy that the integration of all types of technology can enhance instruction and learning, there are times when such devices should and will be restricted or prohibited. Violations of the parameters of acceptable use of cell phones and other electronic devices will result in disciplinary action.

Neither Bradley County Schools nor its employees shall be responsible for the loss, damage or theft of personal communication or electronic devices.
