

September WI DEN

Greetings Wisconsin Star
Discovery Education Members! I
trust that you have all started
the 2010-2011 school year and
are looking forward to a
fantastic year.

In a few short weeks we have
one of the greatest days of the
year the 5th annual Discovery
Education Streamathon! It is a
full day of sessions on all of the
fantastic ways to use Discovery
Education Streaming and all the
awesome online tech you could
ever imagine using with your
students. We all are so busy this
time of year and that is the best
part. The Streamathon runs all
day and you simply check in
when you can and learn!
Streamathon begins 8 AM our
time and the last session ends at
7 PM. Please check out the
schedule of events at the
following link. This is an event
not to be missed.

<http://blog.discoveryeducation.com/blog/2010/08/27/streamathon-2010-updated-schedule/>

You will find the registration link
on that page as well. Hope to see
you online that day!

The Wisconsin Leadership team
continues to look forward to
ways that we can provide
opportunities for the state to
learn more about technology and
Discovery Streaming. Please do
not hesitate to email myself,
comment on the blog or let us
know about things that you are
doing in your school district. We
would love to feature what is
going on in the state on the blog,
offer support or simply get ideas
about the great ways that
Discovery is being used in the
state.

Have you checked out the My DE
page you really need to log in
and see what is new. You will
find a snappy new look to the
page and features like an easy to
use drag and drop way to
personalize you page so that the
most important information is
right where you want it. This is
just one of the many things you
will find here. Check it out!

Have a great 2010-2011 school
year!
