

Discovery Education National Training Academy

Supercharge Your Skills

When: Sunday, October 26 - Tuesday, October 28

Where: Discovery Headquarters, Silver Spring, Maryland

Registration closes October 10

The Discovery Education National Training Academy is designed to provide you with the training, resources and tools you need to return to your school or district and provide ongoing support and professional development to your colleagues.

Learn:

- > Strategies to organize and share educational resources through My Content
- > Ways of using the Teacher Center to differentiate instruction and prepare students for standardized tests
- > Classroom integration ideas for using Discovery Education *streaming* content with tools like PowerPoint, video-editing programs, the video iPod, Google Earth, Web 2.0 and more

Opening Keynote

The Revenge of the Digital Immigrants: Teaching with Media Technology

Presented by Hall Davidson
What veteran teachers suspected the research has proved: 21st Century students are different. With different attention spans, higher IQ test scores, and social networks, their sophistication comes earlier with a different skill set. There is a silver lining: We can teach this "New Brain" more effectively, more efficiently, more engagingly.

Past Academies' Impact

"I really enjoyed the digital storytelling session, my students have already started making photo stories."
- Katie Henderson, El Paso, Texas

"I can't single it down to one particular session or activity, so I must say that my favorite part was working with the Discovery Education team. They were helpful, understanding, innovative, and excellent models of how we should be training the teachers in our district with using Discovery Education and technology in general."
- Michael Hakkarinen, Frederick, Maryland

Register Today \$750 per person*
