

Final Days – The Countdown to Win \$50,000

There's still time for students in grades 5-8 to enter the nation's premier science competition and to be named America's Top Young Scientist

The Discovery Education 3M Young Scientist Challenge is a chance for you and your students to shine.

Deadline for entries is May 27.

Follow these three easy steps to enter:

1. Register online at www.youngscientistchallenge.com.
2. Parents submit their consent to participate.
3. Students upload a quick 2-minute video on a science topic found on the site.

Don't delay – the first 100 students to submit a video by Friday, May 21 receive a FREE Discovery Education MythBusters DVD.

Know a certain budding young scientist? Nominate a student today! After submitting your online form, you'll receive a printable certificate for your young scientist.

Prizes include **\$50,000** in U.S. Savings Bonds, a trip to 3M's global headquarters to work alongside leading scientists, a trip to New York City to attend the competition's final events and much more.
