

# Discovery Education STAR Discovery Educator

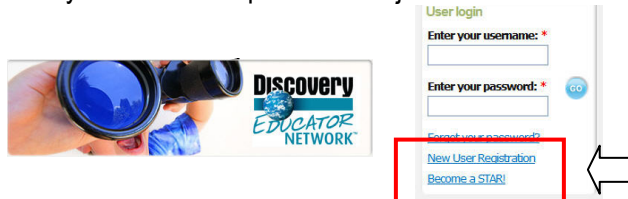

## Register today to become a STAR Discovery Educator!

STAR Discovery Educators are an elite group of educators who actively share the power of Discovery with others. STARs have access to numerous benefits including:

- Toolboxes that help you take a leadership role in your school and community.
  - Access to an unlimited library of resources created by teachers from around the globe.
  - Invitations to exclusive STAR Discovery Educator local and national events.
  - Opportunities to take part in participate in special promotions and contests.
- ...and much more!

Becoming a STAR is free and easy to do! Simply:

1. Join the Discovery Educator Network by visiting: **community.discoveryeducation.com**. Click on **“New User Registration”** and enter your username/password to join the DEN.

2. On the **“Welcome”** menu, click **“Become a STAR Discovery Educator.”** Take a moment to review the **benefits and then click “Apply Now”** to complete the online application.

3. Once your application is complete, you will watch a brief video about the benefits of being a STAR. Then you will take a brief quiz about what you have learned.

4. Finally, facilitate at least one event where you share the power of Discovery Education with three or more people. Then report the event by clicking **“Record Event.”**

Any time you share the power of Discovery with other educators (3 or more), you are hosting an event. For example:

- Share an integration idea over lunch
- Demonstrate a skill to your peers before, during, or after school
- Conduct a hands-on workshop in classrooms, computer labs, training centers, etc.

**Once you've completed your application, your quiz and your event, you are officially a STAR! Don't put it off.
