Breakout Sessions

(Participants will be grouped for rotations during registration)

The All New 50 Ways to Use Discovery streaming

Our team at DE streaming has many more than just 50 instructional strategies to share with you, but this is a great start. Finding and playing video segments is one way you can use the media library, but did you know you have an Interactive Atlas, dynamic Calendar, thousand of quiz question and tens of thousands of images, speeches, and sound effects? Come and learn how to integrate the DES tools in new and exciting ways that are perfect for reaching the 21st century student.

Building a Better Builder with Web 2.0 Tools

Follow along with step-by-step instructions for creating a writing prompt, interactive quiz and assignment. Then learn how to spice things up by embedding Widgets from Web 2.0 sites and resources into your builder. Leave with a lesson ready to share with your students and staff!

Director's Cut

Allow your students to make real-life connections to their learning...literally. Have them become part of the show. This session will focus on ways to use digital storytelling as an important instructional tool in any content area. Teachers can capitalize on all the digital assets available to them through the web to create powerful stories in accessible programs like Google Earth, PhotoStory, MovieMaker and iMovie.

Western Suffolk BOCES Registration

My Learning Plan/WebReg Catalog:

Please copy this link into your browser:
